O R D E R

In pursuance of the recommendations made by Sri Gorwala in his report on Public Administration that periodical training of the staff working in various Government Departments will be very much useful in improving the efficiency of the administration it was considered that a refresher course of 2 to 4 weeks would be of great help to the Officers in Government Departments. The Director of Industries and

P.T.O.

and Commerce has accordingly submitted proposals for starting refresher courses for the officers of the Industries Department. The Government approve the proposal of the Director of Industries and Commerce to give training in one of the departmental power drills ear-marked for the purpose to three Assistant Directors of Industries and six supervisors in batches of one Assistant Director of Industries and Commerce and two Supervisors for a period of four weeks, excluding journeys and accordingly direct that the scheme may be tried for one year in the first instance. Sanction is therefore accorded for an expenditure not exceeding Rs.1,500 (Rupees one thousand and five hundred only) for the purpose.

2. The Director of Industries and Commerce is requested to submit a report after the three batches of officers get their training, on the working of the scheme so as to enable the Government to examine whether the scheme will be beneficial to the other officers in the Department. The report should be submitted by the end of February 1954 for considering the question during 1954-55.
